

Is your child easily crushed by the first blow?

Wants to quit if she doesn't come in first place?

Will settle for nothing less than perfection but is devastated when he doesn't achieve it?

## Ignite Motivation, Foster Resilience (No Screen Necessary)

Teaching kids to have a growth mindset develops resilience, persistence, perseverance and grit. Before heading out on their own they need to learn how to pick themselves up from a fall.

**Who Should Attend:** Parents of all ages

**When:**  
October 17 @ 7pm

**Where:** Lyons Township HS-  
North Campus- Reber

**Cost: FREE!**

**Must Register in Advance**

**Register: [http://  
mindsetworks.eventbrite.com](http://mindsetworks.eventbrite.com)**

**Space is limited - Registration opens 9/18**

**During this session, Mindset Works Instructor, Janna Peskett, will teach you:**

- Strategies for praising and giving feedback to foster resilience
- An understanding of malleable intelligence & why it's critical to your child's development
- How to develop and nurture a growth mindset at home

Janna is Director of Digital Learning & Curriculum Design at Mindset Works, the global leader in growth mindset training for educators and students. Janna is passionate about sharing the growth mindset message and believes it is the key to closing the achievement gap.
